Notes:

1. A-school not required.
2. This is a compression rating. GSM and GSE ratings compress to GS rating at Senior Chief.
3. In rate shore duty normally limited to "A" or "C" School Instructor and Repair Facilities. Most can expect a tour in recruiting or as an RDC.
4. The Marine Gas Turbine Inspector (MGTI) program is open to E-6 and above. Sea tours for MGTI's are limited.
5. Tours at a Flag Staff, NPC and BUPERS require special screening.
6. Tour at BUPERS 3 as an Enlisted Community Manager or Enlisted Community Manager Technical Adviser is for high-performing E8s or E9s. It is a highly competitive tour requiring thorough understanding of the Rating and manning and manpower policies. ECMs handle multiple Ratings affecting thousands of Sailors, adjudicate Career Waypoints applications, develop and present advancement, school quotas, accession and strength policies and initiatives for community health.
7. Those who qualify MGTI often assume a different career path once qualified, including Staff sea billets such as CCSG and DESRON tours and limited to shore tours at RMC facilities. They are expected to maintain regular sea/shore flow and should demonstrate leadership throughout those billets in which they are assigned to.
8. GSM2s on 1st Sea Tour are encouraged to qualify Oil King Assistant and/or Propulsion Auxiliary Control Console Operator (PACC) (assigned to Surface Ships).
